

The New Rules of Teamwork

The way we work is fundamentally changing. Between technological advances, a global economy, and matrixed organisational structures, it can be hard to keep up. In order to stay competitive in the marketplace, organisations must equip their employees with tools that enable a culture focused on collaboration and results.

The Five Behaviours™ can be your solution for both in-tact teams & virtual/matrix teamwork.

Based on Patrick Lencioni's best-selling book, *The Five Dysfunctions of a Team*, The Five Behaviours™ programmes help participants better understand themselves, their teams, and how to unlock untapped potential. Individuals at all levels of an organisation can benefit from this program. Its powerful principles empower people to shape behaviours, increase productivity, and create a common language that completely redefines what it means to work together.

In the AM showcase you will:

- Experience skills that transcend teams and transform cultures
- Understand and apply The Five Behaviours principles
- Discover the impact of The Five Behaviours in other organisations

Each attendee is eligible to try our newest product, The Five Behaviours Personal Development™.
